

SatFONE.mini

The new Easy-Phone-Tracker

Developed on the great knowledge and long-year optimization of SatMINI.voice and SatFONE-family we combined the best parts of both solutions and created the even new and high combinable SatFONE.mini.

SatFONE.mini is not only a tracker, it is not only a easy-to-use phone, it is the optimal solution of bringing both to one device.

The new SatMINI.voice is also optimal designed for elder people, kids and even driver and lone worker. Especially the new integrated Fall Sensor Detection gives you maximum safety in your daily environment.
