<p>Dear loved customer and SatMOS®-18 user, As announced before we love to offer to you our brand new SatMOS®-4G in a special <b>time-limited offer till end of March 2021</b>. We take back the existing SatMOS®.18 modules and deliver you for a very attractive cheap price the new SatMOS®-4G module together in a set of extra equipment.</p>			
028	<b>SatMOS®-4G for tractor</b> : Exchange program of SatMOS®.18 • SatMOS®-4G security module with 2G/SMS Fallback and <b>LTE-M communication</b> • <b>New 2G/4G Square Antenna</b> in 1m cable length, compatible to SatMOS®.18 • Installation in <b>tractor, car, commercial vehicles</b> - no installation in trailers!	per unit	300.00€
029	<b>SatMOS®-4G for trailer</b> : Exchange program of SatMOS®.18 • SatMOS®-4G security module with 2G/SMS Fallback and <b>LTE-M communication</b> • Including a <b>new 2G/4G Square Antenna</b> with 8m cable length for trailer installation or as installation set „Cap-In-Door“ for installation of antenna in trailer doors and door frames	per unit	360.00€

The exchange price is only possible by delivering back a working SatMOS®.18 with no mechanical or technical damages!

Please ask for a general agreement to extend the exchange program if you need more time to replace existing devices.

The delivery of the new SatMOS®-4G starts from October 2020 - delivery delays can occur due to high demand!

In case of you don't want to exchange the security module SatMOS®.18 we strongly recommend to invest into a new antenna as the new generation as a higher accuracy and sensitivity in GPS positioning and a more powerful GSM communication. Please contact us for an additional offer!

Prices: **added with VAT if overtaking in Germany and additional transport cost**  
 Time of Payment: **at once after delivery (New customers / first orders might be with 50% prepayment)**  
 Accounting: **Recurring costs immediately, monthly fees per quarter in advance.**
