

SatSENS.sirens

(Safety-Level #2)

The SatSENS.sirens is an acoustic signal generator with two-tone alarm. Due to the low power consumption and the IP65 protection class, the SatSENS.sirens can be used in many areas, both indoors and outdoors.

Features

- Very good sound reproduction
- Low power consumption
- 32 selectable tones
- Automatic synchronization
- Volume control
- Two-tone alarm

Technical Data

- Operating voltage: 12 V/DC and 24 V/DC
- Max. Current consumption: 35 mA
- Signal type: Multi-tone
- Diameter: 52 mm
- Height: 43 mm
- Number of tones: 32
- Protection class: IP65
- Color: White
- Material: ABS
- Noise level (max.): 101 dB
- Max. Temperature: +70 °C
- Min. temperature: -25 °C
- Weight: 86 g
