

SatFONE.smart

Not all situations in the private sphere and not all work situations require a special emergency phone. Often an alarm button that can be located and then enables voice communication is sufficient - this is the area of application where the SatFONE.smart shows its strengths.

Technical Data

-  | 35 g
-  | 62 x 42 x 35 mm
-  | Rainproof, protected against splashing water (IPX7)
-  | 900mAh lithium battery built-in

Standby-Zeit

Standby without movement		5 days
